I am still runnin
but my road has seen many changes
for I've served my time as a refugee
in mental terms an in physical terms
an many a fear has vanished
an many an attitude has fallen
an many a dream had faded
an I know I shall meet the snowy North
again — but with changed eyes nex time round
t walk lazily down its streets
an linger by the edge of town
an find old friends if they're still around
talk t the old people
an the young people
running yes . . .
but stoppin for a while
embracin what I left
an lovin it — for I learned by now
never t expect
what it cannot give me

# 1972 Dedication

## Mrs. Benion

*We, The Class Of '72 proudly dedicate the thirtieth edition of Canusarago to you,*

*Mrs. Benion . . .*

We take this opportunity to express our sincere appreciation to Mrs. Benion for her unselfish efforts on our behalf. She will always remain in the memories of the students for the many things she has done for us and others. She has continually worked with us this past year in an effort to prepare the college-bound students in the area of English. Along with teaching, Mrs. Benion annually undertakes the task of aiding in the preparation of commencement speeches. In addition, she held a book fair this year for a week which benefitted the entire school.

Mrs. Benion joined the staff of Muncy High School in 1961, and has served as an excellent teacher for the past eleven years. A native of Milton area, she resides there with her husband and family.

THE BALLAD OF TWO ADVISORS

(1970)
"Who's that knocking at my door?
Who's that knocking at my door?
Who's that knocking at my door?"
Said our Mr. Little.

"Oh, we just thought we'd stop by your shop,"
Said the kids who had been knocking.
"Oh, we just thought we'd stop by your shop,
And for you we have a riddle."

"Oh what could you want from me?
Tell me what you want of me.
No, you wouldn't possibly mean—?!"
He said getting wiser.

"Just think of the gas you could have with
our class,"
Said the kids who came a-knocking.
"Just think of the gas you could have with
our class.
We all want you for advisor."

"Oh, I could not work alone.
No, I could not work alone.
I can't handle you alone!
I would need help," said he.

We know what you're sayin', there's
Mrs. McClain,"
(On wood they were a-knocking.)
We know what you're sayin', there's
Mrs. McClain.
She's been asked and agreed already!"

(1971)
"We will build ourselves a float.
We will build ourselves a float.
We will build ourselves a float,
With the hopes of winning."

To no one's surprise we won first prize,
And proudly we accepted.
To no one's surprise we won first prize.
Our advisors joined our grinning.

"Where's the money for their prom?
Where's the money for their prom?
They've no money for the prom,"
Said the Seniors sighing.

"You don't understand, we've built it by hand,"
Said our coaches and class together.
"It looks so grand 'cause we made it by hand,
Which is better than one could by buying!"

(1972)
Well, the years have come and passed.
Yes, the years have come and passed.
Oh, the years have come and passed,
And we'll soon be parted.

"But we'll always be glad for the times that
we had
And hold with deep affection, Mr. L., Mrs. M.,
all the time they would spend —
How they helped and were kind-hearted.
Thank you, the Class of '72

"El verdadero valor de una persona no consiste en su aspecto fisico sino en su aspecto moral."

This year Muncy High School is pleased to have had the addition of Dionisio Ramas Arras of Chihuahua, Mexico. Arriving in Muncy last August with the returning Donald Yagel, "Nicho" has lived with the Yagel family during his stay.

Nicho enjoys Art and Physics classes, "every girl," the Beatles, Beethoven, and good Mexican music. He claims that "American food makes you fat" and prefers his Cigarros Mexicanos to our Marlboros. During his stay he has learned fluent English while teaching many of us handy Spanish words and phrases.

After returning to his home in Mexico in July, Nicho will study two more years at his Bachillarato where he is enrolled in the Math program. He then plans to attend a university for another five or six years as he studies for an architectural degree. We hope Nicho has enjoyed his year here as much as we have.

Come let us enter the world of the sea
With its endless store of memories.
The waves of time serenely pass by
Ferrying angel fish, shimmering pearls,
and our octopi divine.
But too soon we leave our Paradise of the Deep.
Knowing memories are all we can keep.

# Our Foreign Exchange Student
## David Batchelor

This year at Muncy High School we are very fortunate to have 18 year old David Batchelor as our foreign exchange student from Duban, Republic of South Africa. He will be spending the entire school year with us.

Since his arrival, David has become interested in two of our school sports, which are quite new to him, namely, basketball and wrestling. At home his interests were held in several different areas of sports such as rugby, tennis, and surfing. He was actively involved in all three.

After returning to Duban, David plans to attend college followed by a compulsory year of military training. Everyone in Muncy is enjoying his company and extend a sincere wish for a pleasant year as exchange student.
